

WASHINGTON, D.C. – Congresswoman Loretta Sanchez (CA-47) requested authorization for the following projects in the Water Resources Development Act of 2010.

"Providing Orange County families with access to clean, reliable sources of water is one of my top priorities in Congress. I am proud to support these innovative projects, which will help improve drinking water and wastewater systems in our local community," said Rep. Sanchez.

The following is a comprehensive list of the projects Rep. Sanchez is requesting:

Santa Ana River Mainstem Project Routine Maintenance Authorization

Recipient: Orange County Public Works, on behalf of the Orange County Flood Control District

300 N. Flower Street, Santa Ana, California

Request: Policy language

Project Description: Include maintenance in Santa Ana River authorization by adding: "removal of sediment, debris, and vegetation from Santa Ana River Mainstem Project"

Santa Ana River Interceptor (SARI) Line Relocation Technical Amendment to WRDA 2007

Recipient: Orange County Sanitation Project

10844 Ellis Avenue, Fountain Valley, CA 92708

Amount Requested: Policy language

Project Description: Language clarifying that the Santa Ana River Interceptor line relocation is part of the construction project and is included in nonfederal cost-share.

Prado Basin Water Conservation Feasibility Study Update

Recipient: Orange County Water District

18700 Ward Street, Fountain Valley, CA 92708

Amount Requested: \$5,000,000

Project Description: Update of the 2005 Prado Basin Water Conservation Feasibility, to reflect

current situation after 4 years of drought.

Anaheim Downtown Demonstration Water Recycling Project

Recipient: City of Anaheim, Anaheim Public Utilities

Amount Requested: \$8,000,000

Project Description: Develop drought-proof recycled water supplies for non-potable use in order to offset the demand on Anaheim's drinking water supply.

□

Aliso Creek Mainstem, Orange County, CA

Recipient: County of Orange, OC Watersheds Program

2301 N. Glassell Street, Orange CA 92865

Amount Requested: \$5,000,000

Project Description: Authorize Aliso Creek Mainstem Ecosystem Restoration Study to assess

Aliso Creek issues & protect transportation, water, & wastewater infrastructure.

□

Prado Dam Sediment Management Demonstration Project

Recipient: Orange County Water District

18700 Ward Street; Fountain Valley, CA 92708

Amount Requested: \$4,000,000

Project Description: Authorization for the transport and removal of sediment trapped behind the Prado Dam to allow the reserve of additional high-quality storm water.

Add Westminster –East Garden Grove to the Santa Ana River Mainstem Project

Recipient: Orange County Public Works, on behalf of the Orange County Flood Control District

300 N. Flower Street, Santa Ana, California

Amount Requested: \$360,000,000 (additional funding for the Santa Ana River Mainstem)

Project Description: Language to include projects arising from the Westminster-East Garden Grove Watershed study in the Santa Ana River Project to enhance flood control.

□

Orange County Great Park Low-Impact-Development (LID) planning, design and construction project

Recipient: City of Irvine, California

One Civic Center Plaza, P.O. Box 19575, Irvine, CA 92623

Amount Requested: \$150,000,000

Project Description: Engineer sustainable features to manage storm-water flows, improve water quality & groundwater resources, & generate low impact development credits.
